

This listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Withdrawn) A method for treatment of chronic pain comprising orally administering the composition of claim 9.
2. (Withdrawn) The method of claim 1 wherein said tricyclic antidepressant is administered in a dosage of from about 2.5 mg to about 25 mg daily.
3. (Withdrawn) The method of claim 1 wherein said tricyclic antidepressant compound is selected from the group consisting of doxepin, amitriptyline, desipramine, imipramine and physiologically acceptable acid addition salts thereof.
4. (Withdrawn) The method of claim 1 wherein said physiologically acceptable acid addition salts are selected from the group consisting of the hydrochloride, hydrobromide, hydroiodide, acetate, valerate and oleate.
5. (Withdrawn) The method of claim 1 wherein said non-narcotic analgesic is administered in a dosage from about 0.50 gms to about 2.6 gms daily.
6. (Withdrawn) The method of claim 1 wherein said non-narcotic analgesic is selected from the group consisting of acetaminophen and NSAIDs.
7. (Withdrawn) The method of claim 1 wherein said low dose of tricyclic antidepressant compound and said standard dose of non-narcotic analgesic are present in a single composition including a pharmaceutically acceptable vehicle for oral administration.
8. (Withdrawn) The method of claim 7 wherein said composition is in a form selected from the group consisting of tablets, capsules, caplets, oral solutions, and oral suspensions.
9. (Currently Amended) A composition for treatment of chronic pain consisting essentially of comprising a combination of a low dose of a tricyclic antidepressant compound

and a standard dose of a non-narcotic analgesic in a pharmaceutical acceptable vehicle for oral administration.

10. (Currently amended) The composition of claim 9 being provided in a daily dosage form wherein said tricyclic antidepressant compound is ~~administered in a dosage of from~~ present in an amount of about 2.5 mg to about 25 mg ~~daily~~.

11. (Original) The composition of claim 9 wherein said tricyclic antidepressant compound is selected from the group consisting of doxepin, amitriptyline, desipramine, imipramine, and physiologically acceptable acid addition salts thereof.

12. (Original) The composition of claim 9 wherein said physiologically acceptable acid addition salts are selected from the group consisting of the hydrochloride, hydrobromide, hydroiodide, acetate, valerate and oleate.

13. (Currently Amended) The composition of claim 9 wherein said non-narcotic analgesic is administered in a dosage ~~for~~ of from about 0.50 gms to about 2.6 gms daily.

14. (Currently Amended) The composition of claim 9 wherein said non-narcotic analgesic is selected from the group consisting of acetaminophen or NSAIDs non-steroidal anti-inflammatory drugs.

15. (Original) The composition of claim 7 wherein the combination of a tricyclic antidepressant and a non-narcotic analgesic and a pharmaceutically acceptable vehicle is in a form selected from the group consisting of tablets, capsules, caplets, oral solutions and oral suspensions.
